

Post and Horizontals are routed to accept your substrate. This route is 3mm or 6mm wide. The substrate will be inserted into the post and horizontals 1.375". We recommend that you allow a 1.75" border before lettering. Standard posts are 8' long.

"Frames That Sell Signs"

The **Budget Frame** is engineered to meet the requirements of those applications where the sign isn't larger than 4'x 5'. This frame is also less decorative than the standard frame. Without the use of aluminum and smaller profiles our Budget Frame is perfect for those customers on a tight budget.

## Profiles Used

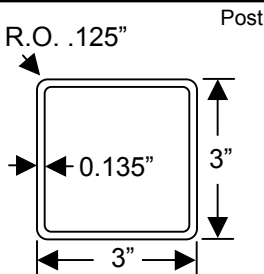

## Sizes Available

Height x Width

2'x 2'	3'x 2'	4'x 2'
2'x 3'	3'x 3'	4'x 3'
